98%

## PROJECTS

### Photography Portfolio Website [🔗](#)

(React, Node JS, Express)

Built a responsive website where the admin can upload and tag photos, and users can view their assigned images, download them as PDFs, and send messages.

### Tic-Tac-Toe [🔗](#)

(React, Javascript)

Developed an interactive game with efficient state management, responsive design, and an engaging UI/UX to deliver smooth and enjoyable gameplay.

### Online Food Ordering Website [🔗](#)

(HTML, CSS)

Created a fully responsive and visually appealing food ordering website using pure HTML and CSS, featuring custom navigation, animated banner text, interactive menu hover effects, a contact form, and embedded Google Maps.

## DECLARATION

I hereby declare that the information provided above is true and correct to the best of my knowledge and belief.
